Dear students,

I am delighted to welcome you as a new student at Telecom ParisTech, the first leading French Graduate School for digital innovation. You will become highly committed actors in the digital transformation of the economy and society thanks to the available material resources but also to the professors, researchers, technicians & alumni’s involvement. Make sure that you make the most of your time with us and from the substantial facilities we have at our disposal: take the initiative, take on responsibilities, try out new ways of working, innovate, create. You should also take advantage of the ideal chance to open up to the world around you:

- to your fellow students from France and all over the world,
- to the host of opportunities offered by the School’s student union clubs and activities.

You should also take advantage of the ideal chance to open up to the world around you:

- to your fellow students from France and all over the world,
- to the host of opportunities offered by the School’s student union clubs and activities.

You should also take advantage of the ideal chance to open up to the world around you:

- to your fellow students from France and all over the world,
- to the host of opportunities offered by the School’s student union clubs and activities.

You should also take advantage of the ideal chance to open up to the world around you:

- to your fellow students from France and all over the world,
- to the host of opportunities offered by the School’s student union clubs and activities.

Welcome to Telecom ParisTech!
PRACTICAL INFORMATION

Tuition fees, scholarships, student life as student ID.

Laurent SOULIER
(class of 98)
Président of Telecom ParisTech alumni

From the first moment you enter the school, you will be involved in the alumni network, ex-students of Telecom ParisTech. More than 16,500 graduates in France and abroad are available to answer your questions and advise you: finding a job in France or abroad and even helping you to choose your track at the school. They will be more than happy to share their experience with you.

By keeping your profile updated on: www.telecom-paristech.org, activating your email for life (a sign of recognition between graduates and companies), you will remain informed about all the activities that the network offers.

Welcome to Our network, Your network!
